

# Report New Sightings of Bighead and Silver Carp to 877-STOP-ANS

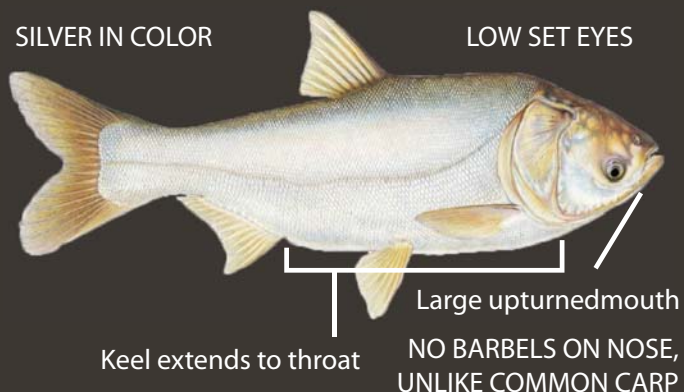

## Step 1: Learn to Identify Bighead and Silver Carp

### ADULT BIGHEAD CARP

Dark blotches along the back (dorsal) region

### ADULT SILVER CARP

## Step 2: Report New Sightings

- If you think you have found a bighead or silver carp, take a picture of the entire fish laid out flat, including the head and tail.
- Note the location where you caught the fish (river, lake, nearest town, and county).
- Immediately call 877-STOP-ANS.

## Step 3: Know the Rules!

- Contact your local natural resources management agency to learn the rules before you go on the water.
- It is illegal to possess live bighead or silver carp in most states.
- DO NOT RELEASE LIVE BIGHEAD OR SILVER CARP.
